

CAPTURE THE BANNER!

The way it works is if your home group would like to participate your group would get together to make a banner or have one made with your group name on it, what day or days that group meets, and anything else your group wants to put on it!

After the banner is made it has to be hung up at your home group every time your group meets.

The way you capture another home group's banner is you have to bring 5 members (at least 3 of the 5 have to be home group members) and your banner to that group, then hang your banner up at the meeting and afterword's you get to take their banner back to your home group! Anyone not a home group member helping a group has to be pre-arranged before the meeting.

To get your banner back you have to bring 5 Members (3 of the 5 have to be home group members.) to that group when it meets. If you bring 10 members you can get your banner back and take that groups banner back to your home group.

This is a great way to promote unity and asphalt recovery. A few groups have already started doing this so if your group decides to participate let the games begin!
